
List of Python API Wrappers

Hi. Below you will find a list of web services along with links to their docs and Python wrappers/libraries.

3taps - Data Exchange

- [API Documentation](#)
- [Python wrapper for 3taps](#)

Alexa Web - Web traffic data

- [API Documentation](#)
- [Python wrapper for Alexa Web](#)

Amazon - Online Shopping

- [API Documentation](#)
- [Python wrapper for Amazon.com](#)

Amazon Product API - Amazon's product catalog

- [API Documentation](#)
- [Python wrapper](#)

Amazon S3 - Cloud storage

- [API Documentation](#)
- [Python wrapper](#)

Amazon SQS - Managed Queue Service

- [API Documentation](#)
- [Python wrapper](#)

AWS - Cloud computing platform

- [API Documentation](#)
- [Python wrapper for AWS](#)

AWS - Amazon Simple Workflow - Orchestration service for building scalable distributed applications

- [API Documentation](#)
- [Python wrapper for Amazon Simple Workflow](#)

American Fuzzy Lop / AFL - Fuzzer that employs genetic algorithms in order to efficiently increase code coverage of the test cases

- [API Documentation](#)
- [Python wrapper](#)

Archive.is - time capsule for web pages

- [API Documentation](#)
- [Python wrapper](#)

Archive.org - Internet Archive

- [API Documentation](#)
- [Python wrapper for archive.org](#)

Arista EOS - Network Operating System

- [API Documentation](#)
- [Python wrapper](#)

ARK - Blockchain Solutions

- [API Documentation](#)
- [Python wrapper](#)
- [Blog Post](#)

ArrayFire - high performance library for parallel computing

- [API Documentation](#)
- [Python wrapper](#)

Ascribe - Register and License Intellectual Property

- [API Documentation](#)
- [Python wrapper](#)

Authorize.net - Payment gateway

- [API Documentation](#)
- [Python wrapper](#)

Azure - Cloud computing platform

- [API Documentation](#)
- [Python wrapper](#)

Backblaze - cloud backup and storage provider

- [API Documentation](#)
- [Python wrapper](#)

Balanced - Payments for Marketplaces

- [API Documentation](#)
- [Python wrapper for Balanced](#)

Bearer.sh - API integrations platform

- [API Documentation](#)
- [Python wrapper](#)

BigML - Machine Learning Made Easy

- [API Documentation](#)
- [Python wrapper for BigML](#)

Bing - Microsoft search engine

- [API Documentation](#)
- [Python wrapper for Bing search](#)

Bitcoin - Open source P2P money

- [API Documentation](#)
- [Python wrapper for Bitcoin](#)

Bitly - URL shortener

- [API Documentation](#)
- [Python wrapper for bit.ly](#)

Bitstamp - Buy and sell bitcoins

- [API Documentation](#)
- [Python wrapper for Bitstamp](#)

Blogger - Blog-publishing service

- [API Documentation](#)
- [Python wrapper for Blogger](#)

Box - Online file sharing

- [API Documentation](#)
- [Python wrapper for Box](#)

Braintree - Accept Payments Online

- [API Documentation](#)
- [Python wrapper for Braintree](#)

Buildkite - Continuous Integration

- [API Documentation](#)
- [Python wrapper for Buildkite](#)

Carriots - M2M Application Platform

- [API Documentation](#)
- [Python wrapper for Carriots](#)

Challonge - Tournament Brackets

- [API Documentation](#)
- [Python wrapper for Challonge](#)

Chargify - Recurring billing application

- [API Documentation](#)
- [Python wrapper for Chargify](#)

Close.io - Sales communication platform

- [API Documentation](#)
- [Python wrapper for Close.io](#)

Coinbase - Bitcoin Wallet

- [API Documentation](#)
- [Python wrapper for Coinbase](#)

CoinPayments - checkout system for cryptocurrencies

- [API Documentation](#)
- [Python wrapper](#)

Countries - Country Information

- [API Documentation](#)
- [Python wrapper for REST Countries](#)

Craigslist - Classified advertisements

- [API Documentation](#)
- [Python wrapper](#)

Delicious - Social bookmarking service

- [API Documentation](#)
- [Python wrapper for Del.icio.us](#)

Discogs - Marketplace for Music on Vinyl, CD..

- [API Documentation](#)
- [Python wrapper for Discogs](#)

Discord - All-in-one voice and text chat for gamers

- [API Documentation](#)
- [Python wrapper for Discord](#)

Discourse - Civilized discussion

- [API Documentation](#)
- [Python wrapper](#)

Disqus - Blog comment hosting service

- [API Documentation](#)
- [Python Wrapper for Disqus](#)

Docker - an open platform for distributed applications for developers and sysadmins

- [API Documentation](#)
- [Python Wrapper](#)

Dribbble - community for showcasing user-made artwork

- [API Documentation](#)
- [Python Wrapper](#)

Dropbox - File hosting service

- [API Documentation](#)
- [Python Wrapper for Dropbox](#)

Duktape - Embeddable JavaScript engine

- [API Documentation](#)
- [Python Wrapper](#)

Ebay - Online auction and shopping

- [API Documentation](#)
- [Python wrapper for eBay API](#)

Embedly - Front-end developer tools

- [API Documentation](#)
- [Python wrapper for Embedly](#)

Evernote - Notetaking software

- [API Documentation](#)
- [Python Wrapper for Evernote](#)

Expedia - A travel website

- [API Documentation](#)
- [Python Wrapper for Expedia](#)

Facebook - Social networking service

- [API Documentation](#)
- [Python wrapper for Facebook](#)

FedEx - Global courier delivery services

- [API Documentation](#)
- [Python wrapper for FedEx](#)

Flickr - Image and Video hosting

- [API Documentation](#)
- [Python wrapper #1](#)
- [Python wrapper #2](#)

Forecast - Weather forecasting

- [API Documentation](#)
- [Python wrapper for Forecast](#)

Foursquare - Location based networking

- [API Documentation](#)
- [Python wrapper for Foursquare](#)

FullContact - Manage your contacts

- [API Documentation](#)
- [Python wrapper for FullContact](#)

Genius - Song lyrics and annotations

- [API Documentation](#)
- [Python wrapper for Genius](#)

Geocodio - Ridiculously affordable geocoding

- [API Documentation](#)
- [Python wrapper for Geocodio](#)

Geopy - Geocoding for Python

- [API Documentation](#)
- [Python wrapper for Geopy](#)

GitHub - Online project hosting

- [API Documentation](#)
- [Python wrapper for GitHub](#)

GitLab - Online and self-hosted Git repository management

- [API Documentation](#)
- [Python wrapper for Gitlab](#)

Gmail - Web-based e-mail service

- [API Documentation](#)
- [Python wrapper](#)

Google Charts - Interactive charts for browsers and mobile devices

- [API Documentation](#)
- [Python wrapper](#)

Google Cloud Functions - Serverless environment to build and connect cloud services

- [API Documentation](#)
- [Python wrapper](#)

Google Drive - File storage service

- [API Documentation](#)
- [Python wrapper](#)

Google Maps - Web mapping service

- [API Documentation](#)
- [Python wrapper for Google Maps](#)

Google Music - Google Music

- [API Documentation](#)
- [Python wrapper for Google Music](#)

Google Search - Unofficial API for Google Search

- [API Documentation](#)
- [Python wrapper](#)

Google Sheets - create and edit spreadsheets online, for free.

- [API Documentation](#)
- [Python wrapper](#)

Google Spreadsheet - Online Spreadsheets

- API Documentation
- Python wrapper for Google Spreadsheet

Google Translate - Translation Service

- API Documentation
- Python wrapper for Google Translate

GoPro - cameras

- API Documentation
- Python wrapper

Hacker News - Social News

- API Documentation
- Python wrapper for Hacker News

Hadoop YARN - Apache Hadoop NextGen MapReduce (YARN)

- API Documentation
- Python wrapper for Hadoop YARN

Heroku - Cloud Application Platform

- API Documentation
- Python wrapper for Heroku

Highrise - Contact management tool (CRM)

- API Documentation
- Python wrapper for Highrise

HipChat - Hosted group chat and IM

- [API Documentation](#)
- [Python wrapper for HipChat](#)

HubSpot - Marketing, Sales, and CRM software

- [API Documentation](#)
- [Python wrapper for HubSpot](#)

IEX - Real-time and historical stock prices

- [API Documentation](#)
- [Python wrapper for IEX](#)
- [Python backtesting engine with IEX Cloud support to train AI to make future price predictions](#)

iFixit - The free repair manual

- [API Documentation](#)
- [Python wrapper for iFixit](#)

iFormBuilder - Mobile Data Collection Software

- [API Documentation](#)
- [Python wrapper for iFormBuilder](#)

iHackernews - Hacker News Mobile

- [API Documentation](#)
- [Python wrapper for iHackerNews](#)

Imgur - Simple Image Sharer

- [API Documentation](#)
- [Python wrapper for Imgur](#)

Indeed - Search engine for jobs

- [API Documentation](#)
- [Python wrapper for indeed.com](#)

Instagram - Online photo sharing

- [API Documentation](#)
- [Python wrapper for Instagram](#)

Intercom - Marketing and Customer support

- [API Documentation](#)
- [Python wrapper for Intercom](#)

Investopedia - Stock Simulator

- [API Documentation](#)
- [Python wrapper](#)

IP Street - patent data and analytics algorithms as a service

- [API Documentation](#)
- [Python wrapper](#)

iTunes Store - Search engine for iTunes content

- [API Documentation](#)
- [Python wrapper for iTunes Store](#)

Jira - Issue tracking product

- [API Documentation](#)
- [Python wrapper for Jira](#)

Kite Connect - Stock trading APIs

- [API Documentation](#)
- [Python wrapper for Kite Connect](#)

Last.fm - Online music

- [API Documentation](#)
- [Python wrapper for Last.fm](#)

LightGBM - gradient boosting framework by Microsoft

- [API Documentation](#)
- [Python wrapper](#)

LinkedIn - Professional Social Network

- [API Documentation](#)
- [Python wrapper #1](#)
- [Python wrapper #2](#)
- [Python wrapper #3](#)

Loggly - Cloud-based logging

- [API Documentation](#)
- [Python wrapper for Loggly](#)

Medium - blog publishing platform

- [API Documentation](#)
- [Python wrapper](#)

Meetup - Offline group meetings

- [API Documentation](#)
- [Python wrapper for Meetup Web](#)

Mega - Free cloud storage

- [API Documentation](#)
- [Python wrapper for Mega](#)

Mercury - take any web article and return only the relevant content

- [API Documentation](#)
- [Python wrapper](#)

Metwit - Social and crowdsourced weather

- [API Documentation](#)
- [Python wrapper for Metwit](#)

Mixcloud - Social music streaming

- [API Documentation](#)
- [Python wrapper](#)

MLB GameDay - Real-time MLB data

- [API Documentation](#)
- [Python wrapper](#)

MonkeyLearn - Machine Learning for Text Analysis

- [API Documentation](#)
- [Python wrapper](#)

Musixmatch - Explore the world's largest catalog of song lyrics and translations

- [API Documentation](#)
- [Python wrapper for Musixmatch](#)

NASA - National Aeronautics and Space Administration

- [API Documentation](#)
- [Python wrapper for NASA](#)

NBA Stats - NBA Advanced Stats

- [API Documentation](#)
- [Python wrapper](#)

Netflix - On-demand streaming media

- [API Documentation](#)
- [Python wrapper for Netflix](#)

Netflix Roulette - Get a random movie from the Netflix catalog and watch it instantly

- [API Documentation](#)
- [Python wrapper](#)

New York Times Archive API - The Archive API provides JSON lists of articles by month

- [API Documentation](#)
- [Python wrapper](#)

News API - JSON API for live news and blog headlines

- [API Documentation](#)
- [Python wrapper](#)

OneTimeSecret - Self-destructing messaging service

- [API Documentation](#)
- [Python wrapper for OneTimeSecret](#)

Onfleet - Last mile delivery management service

- [API Documentation](#)
- [Python wrapper](#)

OpenWeatherMap - Weather Service

- [API Documentation](#)
- [Python wrapper for OpenWeatherMap](#)

PagerDuty - IT alert monitoring

- [API Documentation](#)
- [Python Wrapper for PagerDuty](#)

Peercoin - Open source P2P money

- [API Documentation](#)
- [JSON-RPC API Python wrapper](#)

Pinterest - Pinboard-style sharing

- [API Documentation](#)
- [Python wrapper for Pinterest](#)

Pixoto - Online photo sharing platform

- [API Documentation](#)
- [Python wrapper for Pixoto](#)

Phaxio - Faxing for Developers

- [API Documentation](#)
- [Python wrapper for Phaxio](#)

Phish.AI - Detect zero-day phishing websites

- [API Documentation](#)
- [Python wrapper](#)

Photobucket - Image hosting and video

- [API Documentation](#)
- [Python wrapper for Photobucket](#)

Plot.ly - Easily analyze data together

- [API Documentation](#)
- [Python wrapper for Plot.ly](#)

Polar Devices - Watches and devices

- [API Documentation](#)
- [Python wrapper](#)

PubMed - database of medical publications

- [API Documentation](#)
- [Python wrapper](#)

Rackspace - Open cloud company

- [API Documentation](#)
- [Python wrapper for the Rackspace Cloud](#)

Reddit - Social news aggregation and discussion

- [API Documentation](#)
- [Python wrapper for Reddit](#)

RottenTomatoes - Film review aggregator

- [API Documentation](#)
- [Python wrapper for Rotten Tomatoes](#)

Salesforce - Cloud computing company (CRM)

- [API Documentation](#)
- [Python wrapper for Salesforce](#)

SAS - business intelligence software

- [API Documentation](#)
- [Python Wrapper](#)

Scaleway - Cloud computing platform

- [API Documentation](#)
- [Python wrapper for Scaleway](#)

Scrapinghub - Scraping services

- [API Documentation](#)
- [Python wrapper for Scrapinghub](#)

SendGrid - Email API for developers

- [API Documentation](#)
- [Python wrapper](#)

Shodan - Search engine for Internet-connected devices

- [API Documentation](#)
- [Python wrapper](#)

Skyscanner - Travel metasearch

- [API Documentation](#)
- [Python wrapper for Skyscanner](#)

Slack - Team Communication Platform

- [API Documentation](#)

Python Wrappers

- [Slacker](#)
- [Gendo](#)

Slideshare - Slide hosting service

- [API Documentation](#)
- [Python wrapper for slideshare](#)

SmartFile - File management service

- [API Documentation](#)
- [Python wrapper for SmartFile](#)

Socrata Open Data API - Data discovery for government data

- [API Documentation](#)
- [Python wrapper for Socrata Open Data API](#)

Soundcloud - Share your sounds

- [API Documentation](#)
- [Python wrapper for Soundcloud](#)

Sportradar - Broad range of sports APIs

- [API Documentation](#)
- [Python wrapper for Sportradar](#)

Spotify - Music streaming service

- [API Documentation](#)
- [Python wrapper for Spotify](#)

Spreedly - Cloud based credit card vault

- [API Documentation](#)
- [Python wrapper for Spreedly](#)

Stack Exchange - Community-Powered Q&A

- [API Documentation](#)
- [Python wrapper for Stack Exchange](#)

Stanford CoreNLP - simple API for text processing tasks

- [API Documentation](#)
- [Python wrapper](#)

Stripe - Payments for developers

- [API Documentation](#)
- [Python wrapper for Stripe](#)

SunlightFoundation - Sunlight Foundation

- [API Documentation](#)
- [Python wrapper for Sunlight Foundation](#)

Syncthing - Decentralized data sync

- [API Documentation](#)
- [Python wrapper for Syncthing](#)

Taiga - Project management

- API Documentation
- Python wrapper

Technorati - Searching blogs

- API Documentation
- Python wrapper for Technorati

Telegram - Mobile and desktop messaging app

- API Documentation
- Python wrapper

Temp Mail - Anonymous emails

- API Documentation
- Python wrapper for Temp mail

Tesseract OCR - OCR Engine

- API Documentation
- Python wrapper

The Echo Nest - Music services

- API Documentation
- Python Wrapper for Echo Nest

The Pirate Bay - Peer-to-peer file sharing

- API Documentation
- Python wrapper for TPB

The Movie Database - Movie and TV Database

Official Site

Wrappers

easytmdb 0.2.0 : Python Package Index

<hr/>	
to	click
<hr/>	
Source Code	https://github.com/benregn/easytmdb
PyPI Page	https://pypi.python.org/pypi/easytmdb/0.2.0
Py Support	
Last Update	
Info Date	2014/09/07
<hr/>	

Observations and notes:

- **2014/09/07:**
 - based on tmdb-simple, with implementation changes (meanwhile already present in tmdb-simple)

themoviedb themoviedb.org wrapper for api v3

<hr/>	
to	click
<hr/>	
Source Code	https://github.com/doganaydin/themoviedb
PyPI Page	
Py Support	
Last Update	
Info Date	2014/10/17
<hr/>	

Observations and notes:

- **2014/10/17:**
 - supports API v3
 - only movie search api is implemented.

themoviedb Python wrapper to themoviedb.org API

to	click
Source Code	https://github.com/doganaydin/themoviedb_oldapi
PyPI Page	
Py Support	
Last Update	
Info Date	2014/10/17

Observations and notes:

- **2014/10/17:**
 - deprecated

themoviedb Python wrapper to themoviedb.org API

to	click
Source Code	https://github.com/dbr/themoviedb
PyPI Page	
Py Support	v. 2.6, v. 2.7, v. 3.3
Last Update	2013/05/31
Info Date	2014/09/07

TheMovieDB.bundle

to	click
----	-------

Source Code	https://github.com/plexinc-agents/TheMovieDB.bundle
-------------	---

Last Update	(2014/02/16)
Info Date	2014/12/20

Twilio - SMS and Voice through the cloud

- API Documentation
- Python wrapper for Twilio

Twitter - Online microblogging service

- API Documentation
- Python wrapper #1 - python-twitter
- Python wrapper #2 - Twython
- Python wrapper #3 - birdy
- Python wrapper #4 - tweepy

Uber - Taxi, private car or rideshare service

- API Documentation
- Python wrapper for Uber

Udacity - Online University

- API Documentation
- Python wrapper for Udacity

Udemy - Online University

- API Documentation
- Python wrapper for Udemy

Unirest - Set of lightweight HTTP libraries

- API Documentation
- Python wrapper for Unirest

UPS - Package Delivery

- API Documentation
- Python wrapper for UPS

UrbanDictionary - Web-based dictionary

- API Documentation
- Python wrapper for Urban Dictionary

Vault - A tool for managing secrets.

- API Documentation
- Python wrapper for Vault

Vimeo - Video-sharing website

- API Documentation
- Python wrapper for Vimeo

VK - Social networking service

- API Documentation
- Python wrapper #1
- Python wrapper #2
- Fully asynchronous Python wrapper

Walmart Open API - access to the Walmart product catalog
