**Svelte Intellisense** Provides intellisense for data, events, slots etc. in components.

---

**vscode-styled-components** Syntax highlighting for styled-components

**DotENV** Support for dotenv file syntax

The image shows a dark-themed card for the 'DotENV' extension. On the left is a yellow square icon with the text '.ENV' in black. To the right of the icon, the text 'DotENV 1.0.1' is displayed in a bold, light gray font. Below this, the description 'Support for dotenv file syntax' is written in a regular light gray font, followed by the publisher's name 'mikestead' in a smaller font. In the top right corner of the card, there is a download icon followed by '1.4M' and a star icon followed by the number '5'. In the bottom right corner, there is a gear icon representing settings.
